DIAMOND SUITE 65mm INTERNALLY GLAZED WINDOW [BEVELLED]

With classic styling, the Duraflex Diamond bevelled internally glazed window has looks that will last. Compatibility and versatility are integral to this range. The system can be coupled directly to other doors and windows in the Duraflex range to form glazed screens or low rise curtain walling. Security is not compromised either; the bevelled suite can be fitted with a variety of hardware and locking options.

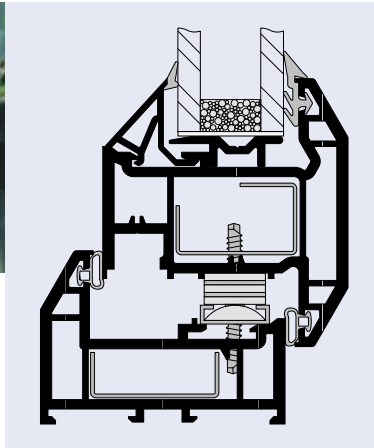

the natural choice
